

General Class Information

Key City Kennel Club offers puppy socialization, companion dog training and competition classes in obedience, rally, agility and conformation. Purebred and mixed breed dogs of all ages are welcomed. Class size is limited to optimize learning. Daytime and evening classes are offered more than one day a week. Registration for the next available 8 week session is available through our website www.keycitykennelclub.org, by calling 507-344-1159, or emailing keycitykennelclub@hotmail.com

KCKC Training Center

Our training center offers two fully matted training rings designed to optimize all aspects of dog training. We offer education for YOU - teaching you how to teach your dog to obey your commands. The actual training and practice is your responsibility. You must plan to train your dog for 10 to 15 minutes each day to get the full benefit of any training class.

Training Goals

- To teach you to understand your dog.
- To develop a bond between you and your dog built on mutual trust and respect.
- To teach you how to train your dog to be a good family member and canine citizen.
- To introduce you to the wonderful sport of dog training.

We believe in FAIR, CONSISTANT training based on positive motivation and reinforcement -- PRAISE and REWARDS for your dog doing what you ask of it.

Basic Training Class

This is an eight-week course for puppies over 12 weeks of age and all dogs without previous training. You and your dog will learn controlled walking, sit, down, stand, come and stay. You and your dog will learn how to integrate these new skills into your day-to-day living. Problem behaviors will be addressed as needed. A certificate of completion (and a treat for your dog) will be earned at the end of this class.

Practical Obedience Class

This is an eight-week course that will strengthen and expand the behaviors learned in the Basic Training class. Teamwork between you and your dog will be emphasized as well as learning to deal with distractions on or off-leash. At the end of this session your dog should be able to earn AKC's Canine Good Citizen title.

Advanced Obedience Class

This obedience class will hone you and your dog into a team capable of earning the Companion Dog title at AKC obedience competition. This class studies the AKC Obedience rule book, works to eliminate handler errors and strives to "proof" your dog for competition.

Rally Course Run Through

This is prep work for entering AKC Rally competition. Dogs must have completed Practical to have the skills necessary for the courses set during this practice time

Introduction to Agility

In this class dogs and handlers work on conditioning and flexibility while being introduced to the exciting sport of agility. Dogs entering this class cannot be at all dog aggressive, must respond quickly and reliably to the "Come" command off leash, and have a reliable "Stay."

Agility Obstacle Familiarization

This is the second level of our agility program where dogs and handlers are introduced to and practice correct execution of the agility course obstacles.

Agility Handling and Sequencing

In this third level of our agility program dogs and handlers learn to sequence several obstacles in differing configurations and learn how to determine the best way to handle individual dogs through the sequence.

Advanced Agility

This class is for dogs that have begun agility competition.

Conformation Class

Conformation class is for people interested in showing their dog in breed competition for championship points. It is designed to teach handler and dog what is required to compete in dog shows. The experience is invaluable before going out to compete.

Fun Match and Canine Good Citizen Test

Key City Kennel Club offers our students the opportunity to have their dog(s) tested for AKC's Canine Good Citizen certification. Fun Matches (practice dog show, obedience or agility trial) will be held several times during the year. Watch our website www.keycitykennelclub.org for scheduling.

KCKC Training Staff

Please remember to spay and
neuter your pets. Thank you.

KCKC

KCKC is a non-profit organization and the only member club in Southern Minnesota of the American Kennel Club. We teach people, with dogs of all breeds, mixes, sizes and ages, to train their dogs to be good companions. All of our instructors have trained and shown their own dogs in AKC breed competitions, obedience, rally and/or agility trials. They also attend continuing education classes relating to dogs and dog training. In addition, two of our instructors have been endorsed by the National Association of Dog Obedience Instructors (NADOI).
